REPORT

The following information was obtained from the records of the Department of Health and Human Services, Office of the Assistant Secretary for Health, regarding the activities of the National Health and Medical Research Council (NH&MRC) during the period from 1980 to 1985.

The NH&MRC is a statutory body established under the Health Research Act 1980. Its primary function is to advise the Government on matters relating to health research and to coordinate and support research in the health field.

The NH&MRC has a wide range of responsibilities, including the following:

1. To advise the Government on matters relating to health research.

The NH&MRC is currently engaged in a number of research projects, including the following:
